Our Journey

Since 2015

We have 7+ years of experience. We know how you can proceed to advance in your education for a fruitful career

Over 500+ Students

We have helped students get admissions and settle in Malaysia. We are trusted by the families of 500+ students.

Authorized in Bangladesh and Malaysia

We are an authorized education consultancy operating both in Malaysia and Bangladesh. First consultancy to receive license from both Governments.

We Offer Admission in over 18 Universities in Malaysia

We have collaborated with 18 reputed universities in Malaysia – X private and Y public (listed below). Since 2015, we have assisted more than 500 students to fly to Malaysia and enroll in universities of their choice and programs that are fit for them.

We understand the pressure families may go through to send their children abroad. This is why Malaysian universities offer world-class educational curriculum at reasonable fees. Besides this, there are enormous opportunities for scholarships based on merit as well as job placements within the country. Students can apply without applying for IELTS. They can also transfer credits or resume education irrespective of any study gap. We also have our own accommodation facility in Malaysia, YN Hostel. As parents, it is of no surprise that their concern for their children's well-being is a priority, so we take it upon ourselves to make sure their children's primary needs – accommodation and food – are met, with maximum security and safety. YN Study Solution does not just make your child's dream come true but also helps parents make their children's future-ready while they stay at ease.

Names of Universities: (list below)

MOHAMMAD YEASIN TUTUL

**Chief Administrative Officer of YN Study solution Malaysia
Managing Director YN GROUP
Regional Director at ALFA University College**

Message from our CEO

YN Study Solution is more than a center that helps you achieve your higher education goals abroad. It is designed to be an ecosystem to help students pursue their dream degree in Malaysia while feeling cared for and protected. We understand how parents and students feel at this crucial moment in life. Hence, our services go beyond VISA processing and facilitating admission formalities. We make sure students have everything they need, from transportation to housing and food, so that they feel comfortable abroad and their families can rest assured. It is not just a service, it's a solution that cares for students and their dreams.

I am someone who grew up in Bangladesh with dreams larger than life. I have traveled to Malaysia on my own without anyone's assistance. And this experience has taught me the struggles both I and my Mother had to go through. So, I created YN Study Solution, to be a trusted partner for parents and students. So that they can fulfill their dreams without the struggle and difficulties. This is not just another consultancy, its a trusted friend."

Our Services

Visa Processing

We will process your VISA within 14 working days, with a VISA sticker and other necessary documentation. The Ministry of Education Malaysia and the Immigration Department have started the EMGS system to enable the complete process of visa approval. We collaborate with guardians 1:1 throughout the process. No hidden costs.

Air Ticket

We will book air tickets at discounted rates for you. Once all VISA processing is done, we will confirm your tickets within 24 hours.

Airport pick up & drop service

We do all the necessary paperwork needed during immigration and arrange transportation to pick you up from the airport to the YN Hostel.

Admission & Offer Letter

Being official partners with the 18 reputed universities in Malaysia, we will process all necessary admission documents and offer later at the earliest possible time as well as facilitate students with discounts in their

Medical Facility

We provide students with 1 year medical insurance on arrival to Malaysia. With this students can avail medical facilities worth up to BDT 4 lacs. We also provide free medical screening to students on arrival in Malaysia.
