About Us

Our 10+ year journey began with the dream to create a bridge for every Bangladeshi youth to fulfill their dreams of studying abroad as well as fulfilling their potential. This is how YN Study Solution was established in 2015 with operational offices in both Bangladesh and Malaysia.

Our main agenda is to be the trusted partner of students and their parents as they pursue their higher education in Malaysia. We assist them right from choosing their preferred universities, getting admissions, accessing scholarship opportunities, getting VISA, to helping them fly and accommodate in Malaysia with safety and security.

We have affiliation with 18 reputed universities in Malaysia both Public and Private, with Alfa University being our official partner. Since 2015, we have assisted 2000++ students to enroll in the best universities in Malaysia with the program of their choice.

YN Study Solution is the first platform to have achieved license from both the Government of Bangladesh and Government of Malaysia. We have also been awarded as the best educational platform for 'study in Malaysia' by the Government of Malaysia twice. We hold our operations from both the countries.

We also have our own accommodation facility in Malaysia, YN Hostel. As parents, it is of no surprise that their concern for their children's well-being is a priority, so we take it upon ourselves to make sure their children's primary needs - accommodation and food - are met, with maximum security and safety. YN Study Solution does not just make your child's dream come true but also helps parents make their children's future-ready while they stay at ease.

Message from our **Founder & CEO**

"I am someone who grew up in Bangladesh with dreams larger than life. I have traveled to Malaysia on my own without anyone's assistance. And this experience has taught me the struggles both my Mother and I had to go through. So, I created YN Study Solution, to be a trusted partner for parents and students. So that they can fulfill their dreams without the struggle and difficulties. I hope the youth in Bangladesh can reach their true potential and keep pursuing their dreams. Our goal is to make the **YN Study Solution** a beacon of hope to students and parents who often give up their dream to study abroad because they think it's difficult. This is not just another consultancy, it's a trusted friend."

Message from our **Director-1** [Malaysia]

"As neighboring countries, we (people of Malaysia and Bangladesh) must strive to find ways to co-exist and co-lift each other so that we may each live our lives to the fullest. In this pursuit, education is the basic foundation. I know a lot of star students out there in Bangladesh and other countries often fear the thought of going to a renowned school or abroad because of how perplexing the out of context situation may seem. And it is true! Studying abroad can make many feel like a fish out of water! This is when you need a guide or a friend. **YN Study Solution** is going to be that guide and friend to those star youths who wish to pursue their dreams of achieving their higher education abroad."

Message from our **Director-2** [Bangladesh]

"In my experience I've seen countless dreams take flight through education in Malaysia. This beautiful country offers world-class degrees, global exposure, and real career value — all at a cost that's surprisingly affordable. In fact, the tuition fees are often equal to or even less than many private colleges here in Bangladesh. If that is the case, then why settle for less when you can study smart and rise globally? Malaysia isn't just an option — it's an opportunity waiting to be claimed."
