One of the major advantages of studying in Malaysia is the credit transfer system. Many students can transfer to various universities in the United Kingdom, the United States, Canada, Australia and New Zealand after completing 1 year or some credits in Malaysia. This system gives them the opportunity to earn an international degree at a relatively low cost. However, credit transfer is entirely dependent on the university's funding, media structure and academic results. So, you should plan your studies carefully before starting.

REQUIRED DOCUMENTS

- Passport copy
- English proficiency test (like IELTS, if required)

- Some universities allow earlier transfer
- 1 year is the most common and accepted duration

IMPORTANT NOTES

- Credit transfer depends on university partnerships and course matching

- Each university has its own rules and evaluation system

After arriving in Malaysia, YN Study Solution Malaysia continues to support students throughout their academic journey by assisting with credit transfer opportunities to top-ranked universities worldwide, including the UK, USA, Canada, Australia, and New Zealand.
